MIMOSAS TOURS

This tour will give you the first opportunity of the year to row under the sun across snowy mountains and blue waters. This wild and colourful landscape will make you think of Canada. This peace haven shelters more than 150 different bird species. Each route comes with a typical meal to gather your strength. You may also visit a blooming mimosas forest and enjoy its intoxicating fragrance. You will have several sightseeing choices to complete your stay : the typical villages composing the "Pays de Fayence", the nearby sea or else the famous cities of Saint-Raphaël and Cannes. Therefore, you will be given the opportunity to complete your stay near the Côte d'Azur, while rowing in Saint-Cassien.
