WATER LILIES' TOUR

PROVISIONAL PLANNING

8.00AM welcome breakfast. Skipper meeting: safety briefing and distribution of a tour map.

9.30AM 23 km to the discovery of the Audomarois' swamp.

1.30PM drinks and lunch on the Houlle border.

The water lilies tour will take you across the St Omer marsh which is a delightful patchwork of meadows and woods intertwined with canals and ditches where fauna and flora thrive. This territory is unique, a delicate and balanced wetland is both an exceptional green space and a natural haven. It is a preserved area, protected from time and tumult which attracts as many sportspeople as it does nature and history lovers, or just people looking for a quiet place. Behind the tree line you will glance at the towers of Saint-Omer cathedral which stands as a typical example of the region gothic architecture.
