# LAKE GENEVA TOUR

We invite you to take part in our 11<sup>th</sup> Léman Lake tour, which will be held from our new facilities at the Sciez nautical base. This tour offers two different routes along the banks of the Lemman lake. From Sciez to Saint Disdille, you will see on the horizon the mountains of Dent d'Oche, Cornettes de Bise, and Valais mounts, as well as the castles of Montjoux and Ripaille. Then from Sciez to Tougues, you will discover Coudrée and Beauregard castles, as well as the medieval villages of Yvoire and Nernier. You should drop the oars and take a moment to gaze at the surrounding mountains and the Swiss panorama.
