24 & 25 JUNE

2 DAYS / 44 KM

ROWING LEVEL "RAM'N JAZZ PAYS
DE FONTAINEBLEAU"

This tour is an easy one and takes place in the surprisingly preserved woodland area of the Île de France. It's on the river Seine from Hericy that you will discover the history of the villages you cross: Samoisi-sur-Seine, where Django Reinhardt lived; Thomery, home of the Chasselas grape variety; Champagne-sur-Seine and its large gauge water gate; Saint-Mammès, city of bargemen; Moret-sur-Loing, a medieval town impressionists painters used to haunt, where you will berth for a picnic on the grass. You'll catch sight of "Affolantes", rich houses built on the shoreline in the 19th century. On the Saturday, you'll spend the evening at the "Jazz Django Reinhardt" festival, listening to renowned musicians around the Chateau de Fontainebleau. On Saturday morning, companions will be able to do a guided trek through the woods (a 3-hour walk) and follow the rowers by bike on Sunday upon reservation. If the weather allows, you'll be able to complete this weekend with hikes or some rock-climbing in Fontainebleau forest, or a visit to the famous Vaux-Le-Vicomte castle.
