# MORBIHAN GULF TOUR

This tour will take you around the Golfe du Morbihan, the inland sea and its 42 islands, or 365 if you believe the legends. All the islands are different yet provide a common scenery of earth and sea. You will pass by two of the largest ones : Moines island and Arz island. You may row alongside a "sinagot" or a "guépard", two typical boats of the Gulf. You will come across a chapel, a tide mill, and one-storey granite farmhouse, or else the square tower overlooking the Gulf waters. Over the course of tide, you will be amazed by the evolution of surrounding landscapes which provide a colourful ballet of greens and turquoise. There are many activities of visit available to complete your stay : coastal pathways, Séné bird sanctuary, several megalithic monuments such as Cair de Gavrinis and Cromlech d'Er Lannic, standing stones in Locmariaquer and Carnac, but also Suscinio castle on Rhuy peninsula, Saint Goustan harbour and the historical city of Vannes.

 **Morbihan Gulf**
 **recreational four-person sculling boats, double coastal rowing boat, quadruple coastal rowing boat**
