ROWING DOWN THE CHER

Rowing down the Cher will take you on a tour down the pastoral shores of the Cher valley, laden with castles, old houses and mills. Sailing on peaceful waters, you'll be enchanted passing under the arches of the unforgettable Chenonceaux castle. You marvel at the sight of the needle dams, built in the 19th century. You will meet the period-costumed rowers of the "Yole de Loire" association. You will enjoy the friendliness and availability of our team of volunteers. Typical food and regional heritage are brought together into this convivial tour. The atypical housing will delight you at the end of a day filled with emotions.
