You will keep coming back to the Rallye du Canal du Midi because as you row mile after mile and past the watergate (off the water on a carriage), you will marvel at the lake's majesty, the beauty of the treelines, the charm of the lock keeper's houses, the friendliness of the locals, the ingenuity of the locks, and the quietness of the scenery. You will enjoy the fragrances and music of the Midi down to the name of the locks "Ayguesvives, Négra, Gardouch, Marseillette, Psycheric...", the works of art and architecture "épanchoir, déversoir, pont de Pigasse, tunnel de Malpas...", the regions you cross "le Lauragais, le Minervois, le Carcassonnais, le Biterrois". You will find yourself fascinated with the most formidable but also the most secret monument of the French heritage, classified by UNESCO. The success of the Rallye has gone well beyond the French borders: New Zealand, Australia, South Africa, the United States, Canada, Brazil, the United Kingdom, Germany, the Netherlands, Belgium, Switzerland, Italy... as many rowers who did not hesitate to travel the world to row on the Canal du Midi in a friendly atmosphere!
