1 DAY / 75 KM

ROWING LEVEL 

Departing from the touristic beach of Pointe Marin in Sainte-Anne, you row along the South Caribbean coast, thus allowing to discover its coastal villages, nestled at the bottom of the Mornes (mountainous regions). The ragged coastline unveils its small islets, which are remains of the volcanic structure of the island. The means chosen for this crossing may be traditional rowing boat or a "twa zaviwon", suited for the ancient nautical activity of Martinique. The must-do of this tour is the crossing of the «Passe des fous», in front of the beautiful Diamond rock! Participants will be able to admire this true jewel of the Caribbean Sea, from their rowing boat or from the safety boat, which has become a "natural protected space". You can enjoy another privilege during this tour: crossing the Flamingo Bay, classified as one of the most beautiful bays in the world, a splendid navigation site, offering all possible wind speeds. From Fort-de-France harbour to Fond Lahaye, viewing Fort Saint-Louis, the cathedral, and the majestic beacon of the Pointe des Nègres, everyone will keep on being wide-eyed in front of this magnificent landscapes.
