

9 & 10 NOVEMBER

2 DAYS / 30 KM

ROWING LEVEL 

VIDOURLE LOOP

The weekend in Camargue is composed of one day navigating on the canals and the other one discovering sea rowing. Both will make you believe in the local persistent summer because at this time of the year, winter clearly seems far away. You will start from the typical fishing harbour in Grau-du-Roi then row upriver the Vidourle to reach the beautiful wild landscapes of the Camargue region. You will navigate on the Rhône canal towards Sète until reaching the Carbonnière Tower, then you will row on the "Small canal" towards Aigues-Mortes and discover its amazing view on Constance tower and its fortifications.

 **Recreational four-person sculling boats**

 **Rowers : 150 € without accommodation, 3 meals**
100 seats available included
Companions : 75 € without accommodation, 3 meals
